

Press Points of Coveme for Gala Dinner

Total growth Year over Year: 25%

Geographic distribution:

ASIA: Year over Year: 74%

AMERICA: Year over Year: 119%

INDIA: Year over Year: 23%

EUROPA: Year over Year: 10%

Global growth has been led by China and North America. Coveme has by now over 100 people dedicated to photovoltaics in China, a global player serving worldwide, leading manufacturer of PET based backsheets. Doubling the production capacity in Q1 of 2015. Focus on supporting our clients in TCO reduction through 5 key factors: best product performance, quality, service, technical support and roadmap. Further investments in new technologies such as back contact, both in terms of R&D and production lines.
